MUZRAI SUPERINTENDENT.

Instructions for the guidance of the temporary Sheristadars appointed for the examination of the affairs of minor institutions.

- - - - - - - - - - -

GENERAL.

1. The Government have been pleased to appoint temporarily for a period of six months nine Sheristadars with one clerk and one peon apiece with a view to rapid effect being given to the Muzrai reorganization recently sanctioned by Government.

2. On no account should this period be exceeded. While dilatoriness and slovenly work will be seriously noticed, due recognition will be given to thoroughness and quickness in the accomplishment of the work. The claims of officers who show good work will be taken into consideration in filling up later on the sanctioned posts of Efficiency and Account Officers.

3. The Sheristadars will be appointed in the first instance by the Muzrai Superintendent in consultation with

[illegible]

[illegible]

[illegible]

at prevailing market rates.

(It is to be noted that the economy of an institution depends upon the performance of citywide services and the estimates under this head should be the first charge upon the income of an institution.)

(b) Fixed charges: Estimates based upon the average of the previous three years should be made for determinable items. (Interest rates, taxes, insurance, etc. should be kept as low as possible;) but the reductions ascertainable required on the amounts should be duly provided for, wherever possible.)

(c) Under entitlement, the multiplicity of ill-paid servants should be diminished wherever practicable and the amounts thus set free, should be utilised to provide adequate remuneration to the staff and other improvements and maintenance services of the institution. Suitable provision should be made for keeping the premises clean and tidy.

(d) A sufficient reserve from the estimated income should be kept out to be provided for the cost of establishments to be substituted in the various offices for the termination of house services and audit fees (not to exceed about 5% of the income) and for the periodical repairs and improvements of the buildings and other properties of the institutions, for which there should be a provision of 2½ to 5% per cent ~~of the income~~ according to the condition of the buildings. Thus the reserve

should ordinarily be from 15-to-20 % of the income.

■ orm appended.
